Paula, can you pick a couple good ones that tell the story and get some solid, well written captions? and we'll get them out on multiple channels.

If we can have 2 versions of the captions - a short Twitter version (115 characters or less) & a longer version to use on Facebook, Flickr, Instagram, & Pinterest - that would be great.

We should also pick 2 of the best for Instagram.

We have to get these cleared by pio and get some facetweets written to accompany them.

Do we have captions? Do we have clearance from the photographer (written)?

My apologies to those of you who may have received these photos earlier today. These have captions on the photos themselves with date and location. Since there are 8, I reduced file size for e-mailing. If any of you need higher resolution versions, e-mail me back and tell me which ones. The originals run from 3MB to 5MB each. Also, let me know if you want the captioned or non-captioned version. It is 2:40PM Saturday. I will be in the field for the next 2-3 hours so won't be able to send you larger file size versions until after that.
